

ES0708EP electric scissor lift

Referencia: ES0708EP

Description

The one-way extended platform quickly reaches the working position and the turning radius improves performance in tight spaces. It has an automatic error code display on the screen for faster technical maintenance.

Automatic underbody protection significantly improves traction smoothness and safety in the raised position.

Its energy saving with zero emissions and its silent operation make this platform suitable for any type of work.

The Magni ES0708EP platform includes

- On-board diagnostic systems
- Motion alarm sensors
- Inclinator with alarm
- Push button for emergency stop
- Emergency descent system

- Automatic braking system
- Zero emission and zero noise design

Technical sheet

Model	ES0708EP
Engine type	Electric
Brand	MAGNI
Machine type	Scissor platforms
Country	SPAIN
Width	810 mm
Height	2120 mm
Load capacity	230 kg
Height Elevation	7 m
Gradeability	0,25
Basket Dimensions	1,37 x 0,7 m
Working width	0.81 m
Platform Height	5.6 m
Height with handrails	2.12 m
Motorisation	Electric
Ordering	7
