

Magni ES1612ECP electric scissor lifting platform

Referencia: ES1612ECP

Description

The unidirectional extended platform quickly reaches the working position and has direct current motors, which guarantee a near-zero turning radius and improve the unit's performance in confined spaces. It offers automatic error code display on the screen to speed up maintenance tasks.

Automatic underbody protection significantly improves traction smoothness and safety in the raised position.

Its energy saving with zero emissions and its silent operation make this platform suitable for any type of work, indoors such as warehouses and shopping centres and outdoors such as small construction sites and large events.

The Magni ES1612ECP platform includes

- On-board diagnostic systems
- Motion alarm sensors
- Inclinometer with alarm

- Push button for emergency stop
- Emergency descent system
- Automatic braking system
- Zero emission and zero noise design

Technical sheet

Model	ES1612ECP
Brand	MAGNI
Machine type	Scissor platforms
Width	1190 mm
Height	2720 mm
Weight	3320 kg
Load capacity	250 kg
Height Elevation	16 m
Basket Dimensions	2,27x1,12 m
Working width	1.19 m
Platform Height	13.7 m
Motorisation	Electric
Ordering	16
