

## 2005 JLG 1250AJP

Referencia: SE-002260

**41.000 €**

## Description

---

This articulated Haulotte diesel platform with a working height of 26 meters and load capacity of 230 kg is ready to offer proportional, fast and simultaneous movements thanks to its 4x4x4 traction. It also offers a wide range of work due to the hydraulic rotation of the basket.

## Technical sheet

---

Model	1250AJP
