

Tennant T1 pedestrian scrubber

Referencia: T1

Description

Tennant T1 micro scrubber, an efficient and compact cleaning option

Thanks to its compact design, the T1 pedestrian scrubber cleans hard and congested floors effortlessly and thoroughly.

With quickly adjustable controls and a fully manoeuvrable four-wheel design, it cleans easily and safely while moving forward, backward and turning in tight spaces.

It is also easy to clean, empty and fill, thanks to the compact design of the Hygenic® tanks. The scrubber has ergonomic controls and handles that ensure easy handling.

Tennant pedestrian scrubber benefits

- The Tennant T1 micro scrubber is perfect for cleaning congested and small surfaces thanks to its manoeuvrable and compact design, forward and reverse.
- It has a 11.35-litre tank to clean up to 30 minutes uninterrupted, increasing productivity and reducing tank refills.
- The ergonomic handles and Insta-Adjust™ sleeve enhance cleaning flexibility and operator comfort.
- Perfect for cleaning hallways, entrances, exit corridors and much more, thanks to its 38 cm cleaning width.
- Hygenic® tanks are easy to clean, reducing bacteria and mould growth and bad odours in the scrubber tank.
- Powerful cleaning in tight spaces thanks to the 1200 rpm and 15 kg scrubbing pressure.
