

Tennant E5 carpet extractor

Referencia: E5

Description

The Tennant E5 is a carpet extractor with very powerful deep cleaning performance for congested areas.

It increases performance along the cleaning aisle with dual overlapping sprayers and exceptional vacuum suction. The original double fringe floating adjustment brush design adjusts to different carpet thicknesses (no manual adjustment necessary).

The E5 can thoroughly clean around and under obstacles. Easy to clean around and under objects such as beds, desks and low and compact tables. Quick adjust control extends cleaning reach.

Offers quiet cleaning for noise-sensitive environments and during business hours with an OSHA recognised true sound level of 69 dBA.

Easy to fill, empty and clean, the Hygenic® tanks have a unique compact design. Ergonomic

controls and handles ensure easy storage.

Tennant E5 carpet extractor benefits

The Tennant E5 deep carpet cleaning machine cleans deeply in tight spaces:

- Its compact design can clean small and hard-to-reach areas.
- Reduce operator fatigue with the ergonomic Insta-Adjust™ handlebar and effortless operation.
- Boost cleaning performance all the way with exceptional vacuum power and dual spray jets.

Tennant E5 carpet extractor features

- Quiet cleaning in noise sensitive environments with 69 dBA level.
- Double bristle design and height adjustment to adjust to different carpet depths, with no need for manual adjustments.
- The Hygenic® bin is thoroughly cleaned to reduce bacteria, mould and odours in the scrubber's tank.
