

Tennant B5 cordless pedestrian floor polisher

Referencia: B5

Description

The Tennant B5 cordless pedestrian floor polisher is an ultra-quiet machine, with only 63 dBA to ensure safe sound levels. It has an active HEPA filter that maintains indoor air quality and a 90-degree upward head, which ensures a safe ergonomic position when changing the pad. This polisher is totally innovative and provides performance similar to propane machines.

Tennant B5 cordless pedestrian polishers features and benefits

- Ensures safe noise levels as low as 63 dBA. A very quiet machine.
- It has standard active dust control with a HEPA filter that preserves indoor air quality.
- The 90 degree swing head makes it easy to adopt a safe and ergonomic posture when changing the pad.
- Simple operation for operators through easy-to-identify yellow maintenance touch points and built-in reference materials.
