

## Mobilev 30 MT-3X1-TC 3000 kg Mini Crane

Referencia: 30MT 3x1 TC

### Description

---

The arm is mounted on an 18° swivel ring (optional). Designed with solid, resistant, adjustable materials and removable safety supports. This model is adapted for lifting operations in outdoor spaces offering great safety and stability.

It uses a three-cylinder kinematics system, developed by Mobilev, which enables greater angular movement of the shaft. All speeds are adjustable from 0 to 100% with the remote control cable or with the radio remote control.
