

Minicrane 350KG Mobilev MOBITEC-35

Referencia: MOBITEC 35

Description

This mini crane is especially designed for glazing installation work and for installing ground floor and shop window glazing in shopping centres and buildings with difficult access. It weighs just 610 kg, so it can be transported in a van or trailer with no need for a special licence.

Mobilev MOBITEC 35 mini crane accessories and equipment

- Wheel locking by tilting the tiller.
- Anti-tip device.
- Six removable counterweights (20 kg).
- Telescopic shaft 4 positions.
