

## Electric scissor platform Magni ES0812E

Referencia: ES0812E

### Description

---

This electric scissor lift from the Italian manufacturer Magni, offers a working height of 8 meters and a unique load capacity in its range, with 540 Kg. Thanks to its compact dimensions with only 1.15 meters wide and its turning radius Zero, it is prepared to work both in confined indoor spaces and in outdoor spaces with difficult access.

This scissor offers high efficiency and productivity, betting on sustainability thanks to its electric lifting system that makes it zero emissions, also limiting noise pollution.

### The Magni ES060EP platform includes

- Automatic underbody protection
- Wide opening for easy maintenance
- Horn
- Hour meter
- Proportional controls
- Folding railing
- Extendable platform
- Anti-marking tires
- Automatic locking door on platform
- Emergency stop pushbutton
- Motion alarm sensors
- Emergency lowering system

- On-board diagnostic system
- Security support
- Travel allowed at maximum height
- Cylinder lock valve

## Technical sheet

Model	ES0812E
